

Programming Assignment 3

Name: Zuha Aqib

ERP ID: 26106

Instructor: Dr. Ahmed Akhter

Date: 3rd June 2026

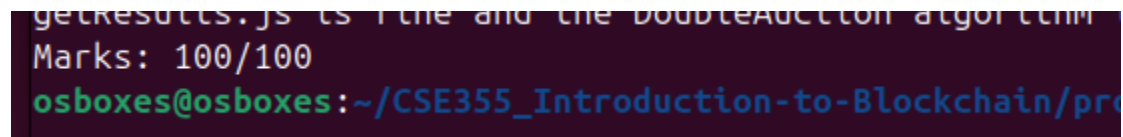

Course: Introduction to Blockchain

For code commits and version control, please refer to my GitHub repository:

https://github.com/z-aqib/CSE355_Introduction-to-Blockchain in the folder programming_assignments/PA3

Proof of 100/100 marks

getResults.js is fine and the DoubleAuction algorithm is implemented correctly:

```
osboxes@osboxes:~/CSE355_Introduction-to-
```

```
Blockchain/programming_assignments/PA3/students/pa3_std/contracts$ node  
compileDoubleAuction.js
```

```
node -e "const c=require('./DoubleAuction.json'); console.log(c.bytecode.length)"
```

```
7400
```

```
osboxes@osboxes:~/CSE355_Introduction-to-
```

```
Blockchain/programming_assignments/PA3/students/pa3_std/contracts$ node  
deployDoubleAuction.js
```

```
cat contAddressDoubleAuction.json
```

IPC file is located at:

```
/home/osboxes/ITB/PA3/students/pa3_std/Nodepa3_std/data/eth_ipc
```
